## Compensation Structure Update

Dear Aishwarya,

As part of our ongoing efforts to strengthen our people practices and align with evolving regulatory requirements, we are writing to inform you of an update to your compensation structure, effective **01-Apr-26.**

This change has been designed around the following principles:

- **Regulatory Alignment:** Ensuring compliance with applicable labour laws, including readiness for the implementation of new labour codes.
- **Consistency:** Standardising compensation structures across locations to ensure transparency.
- **Team Member Impact:** Protecting overall take-home pay, as far as practicable, while continuing to provide flexibility for tax efficiency, subject to applicable laws.

In line with the above, your compensation components have been restructured, along with appropriately defined allowances and benefits. While the composition of individual salary components may change, the overall intent is to maintain stability in your net take-home pay, subject to taxes, statutory deductions, and your individual investment declarations.

This revision enables a more transparent, compliant, and scalable compensation framework, while continuing to support your financial well-being and our long-term organisational growth.

You are requested to review your revised compensation details provided in **Annexure-I**. Should you require any clarification or wish to understand the impact of these changes, please feel free to raise a ticket with the Payroll Team, through GSS platform.

Your notice period post confirmation continues to be **90 Day(s)** in line with your current role in the organization. Except as expressly modified herein, all other terms and conditions of your employment shall remain unchanged.

We sincerely appreciate your continued contribution and commitment, and we look forward to your ongoing success with us.

For Xceedance Consulting India Private Limited

Amit Ahuja

Senior Vice President – People Function
